

MESCO

Since 1956

Manufacturers Equipment & Supply Co.

Alliance with MESCO

TECHNI Waterjet is pleased to announce a new partnership with MESCO, a predominant South East Asian distributor for several product lines of metal working equipment used in the metal working industry. Based in Manila, Philippines, was founded by Peter Lee, who traveled the world to find the most advanced metal working equipment and bring them back to the Philippines

TECHNI Waterjet is becoming a global company with market leadership in the Asian, Middle Eastern, American and Australasian region. With manufacturing plants based in the U.S , Asia and Australia, TECHNI Waterjet is well positioned to supply, service and offer support to any market.

With over 500 machines installed and in production worldwide, TECHNI Waterjet has captured the respect and reputation as a proven waterjet manufacturer that sets itself apart from mainstream players through innovation.
